

PROFESSIONAL SUMMARY

A highly motivated and detail-oriented BCA graduate with strong foundational knowledge in both frontend and backend development. Proficient in HTML, CSS, JavaScript, and React for developing dynamic, responsive web interfaces. Experienced with backend technologies including PHP, Node.js, MongoDB, and MySQL, with a solid understanding of DBMS concepts. Well-versed in developing applications using ASP.NET Core and VB.NET. Additionally, skilled in using Figma for UI/UX design and prototyping. Seeking an opportunity to contribute technical expertise and innovative problem-solving skills to a forward-thinking development team.

EDUCATION

The CVM University	Anand, Gujarat
Bachelor of Computer Applications	Aug 2021 - May 2024
CGPA : 9.84	

SKILLS SUMMARY

Programming Languages:	C, C++, Java, Python, SQL, JavaScript, C#, VB.Net, PHP
Frameworks:	React.js, ASP.NET/ASP.NET CORE, Node.js, Express.js, Bootstrap and Tailwind CSS
Tools:	Git, MySQL, SQLite, MongoDB, Postman, VScode, NetBeans, Spyder, Figma, Canva
Platforms:	GitHub, Netlify, Framer, Jupyter
Soft Skills:	Leadership, Management, Team Collaboration, Adaptability, Excellent communication

WORK EXPERIENCE

WEB DEVELOPMENT INTERN JINARTH INFOTECH	Dec 2024 - May 2025
<ul style="list-style-type: none">Completed a full-stack web development internship, strengthening skills in advanced HTML, CSS, and JavaScript (ES6+).Improved design efficiency by ~60% through optimized layouts and reduced redundant styles.Built a fully functional mini-project using only HTML, CSS, and JavaScript.Mastered the MERN stack within 1.5 months and developed a complete MERN project.Promoted to Junior Developer and appointed as Project Lead for a 5-member team on a live MERN-based project.Gained valuable soft skills in communication, collaboration, and leadership, preparing for real-world development environments.	

RELEVANT PROJECTS

Jinarth Infotech Website	March 2025 - May 2025
<ul style="list-style-type: none">Developed a fully responsive, desktop-first Infotech website using React for a service-based company.Showcased offerings like web/app development, UI/UX courses, and internships.Implemented smooth navigation, modern design, and interactive animations using DaisyUI and Framer Motion.Gained hands-on experience in React component architecture, state management, and third-party library integration.Strengthened skills in responsive design, UI/UX, and cross-device performance optimization.	
Pharmacy Management System	Jan 2024 - April 2024
<ul style="list-style-type: none">Built a full-stack Pharmacy Management System using HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL.Developed two modules: Admin (user management, inventory, supplier/item handling, reports) and Pharmacist (login, stock control, invoicing, customer management, search, feedback).Created a responsive frontend with Bootstrap and a secure, role-based backend integrated with MySQL.Enhanced proficiency in full-stack development, authentication, and relational database management.	
Library Management System	July 2023 - Nov 2023
<ul style="list-style-type: none">Designed and developed a Library Management System using VB.NET and SqlClient.Implemented two modules: Admin (authentication, librarian registration) and Librarian (student records, book management, issue/return workflow, fine calculation, reporting).Delivered a user-friendly desktop interface with real-time data updates and a SQL-based backend for secure data handling.Strengthened expertise in desktop application development, SQL integration, and role-based access control.	

CERTIFICATES

Figma Bootcamp (LetsUpgrade)	March 2025
Introduction to Front-End Development (Meta)	May 2024
Introduction to the Internet of Things and Embedded Systems (UCI)	Feb 2024
Introduction to AI (IBM)	Feb 2024
Leadership skills (IIMA)	May 2023
Introduction to JAVA (LearnQuest)	July 2022
